Office Memorandum

Subject: Regarding Softcopy of Detailed Project Network in MS-Project Format.

It has been observed that only hardcopies of approved L2 Networks are being submitted to the office of the undersigned. Softcopy of detailed Project Network in MS-Project format is essential for updating of progress in the L2 network. Also, not all details are visible in the printouts, but may be seen in softcopy. Hence softcopies of detailed Project Network in MS-Project format are required for all centrally procured projects and capital works (including Capital O&M Works).

In view of the above, it is directed that along with hardcopy, soft copies of detailed project networks in MS-Project format should also be obtained from the Bidders / Contractor for all centrally procured projects and capital works. The authorised signatory of the contractor should put signature and seal along with date on each page of hardcopies, as well as on the CDs containing softcopies. The approvals for L2 Network should be given on hardcopy as well as on softcopies.

The provisions of PTCUL Purchase and Contracts Manual should be complied with. In this context, some relevant clauses of C&P manual are especially mentioned below for reference:

Reference of C&P Manual	Topic
Part B, Clause B.3, sub clauses B.3.1 to B.3.11	Regarding Project Network
Part B., Clause B.4, sub-Clause 4.2.(v)	Regarding finalization of L-2 Network before release of initial advance

Chief Engineers are directed to ensure compliance with the above instructions for their respective centrally procured works.

(Sanjaya Mittal) 24.5.18
Director (Projects)
