

MANUAL 7

The particulars of arrangement that exists for consultation with, or representation by, the members of the public in relation to the formulation of its policy or implementation

The Power Transmission Corporation of Uttarakhand Limited is a company engaged in the business of hydro-electric transmission. It is also in the process of developing and constructing various new transmission lines projects. By its nature of activity the interface with public is minimal and hence as regard to formulation of policy or implementation in general arrangements do not exist for general public participation. However, arrangement exists for participation of public in formulation of policy and implementation as regard to following two activities, which have an impact on general public :-

1. Determination of Transmission Tariff:

The interface with public is done through UERCs per the provisions of UERC.

2. New Lines Electric Projects:

The interface is done through meetings with General public Directly or through D.M.
